Kids aboard are wonderful! My kids have been going for more than a year, both are doing OT and speech, the staff is very professional and accommodating, the sensory gym has so many different activities and the therapists really engage with the kids while adhering to safety precautions with COVID. I can't say enough great things about them. I highly recommend Kids aboard therapy to everyone.

This is a great place to bring your child for any type of Therapy. My daughter receives Occupational Therapy here twice a week and it has been a great experience. She looks forward to her appointments every week. The facility is private and clean. They are also very flexible and work around your schedule. I would definitely recommend this place to all parents looking for the right place to bring your child for Therapy. Her therapist Chaya Posner is the best. Very patient and knowledgeable which really helps because my daughter is a handful to deal with and a challenge. I couldn't have picked a better place!

Chaya has been with our child for OT for about a year. There has been so much growth even the teachers notice a difference. She is Creative, thorough and caters to the child's individual needs. I highly recommend.

Kids Aboard Therapy:

Was founded in response to a growing need for a service that personalizes the child and the child's family. We keep our client base small so we can focus on each child individually.
